Fitness Intervals – Class features time-based intervals of work and rest focusing on improving cardio and strength simultaneously. Challenge yourself as much or as little as you want in this full body workout!

Gentle Chair Stretch & Mobility – Similar to Gentle Chair Yoga class with less emphasis on traditional yoga and more on relaxation and stretching. All levels welcome.

HIIT IT—This class combines strength and core moves with short intervals of heart pumping HIIT activities. A variety of equipment will be used including weights, bands, balls and mats. Burn those calories before your weekend begins.

Move & Groove – Get into the groove and get moving with this Zumba® dance-inspired fitness class. Using fast and slow rhythms, you will have tons of fun while toning your entire body. No experience needed...all levels welcome!

Silver Fit & Strong – A twist on our Silver Circuit Class that was previously offered. Get your heart rate up and improve functional strength and mobility. Have a better understanding of how to complete basic, everyday functional movements that will help strengthen your body.

SilverSneakers® Classic – Increase muscular strength, range of movements and activity for daily living. Build functional strength using hand-held weights, elastic tubing, and a ball for resistance. A chair is used for seated and/or standing support. Perfect for beginners but all levels welcome!

The Ride – Outdoor cycling with indoor comfort. An amazing cardio workout filled with intervals, hill climbs, speed work, and endurance training. You control the intensity of the ride, we control the “bumps and curves” in the road.
